

LINX 6900 CONTINUOUS INK JET PRINTER COMPARISON WITH LINX 6800

The Linx 6900 builds on the reliable design of the Linx 6800. It shares some important design features with the Linx 6800, including the printhead which minimises the need for manual cleaning, and the reliable, low maintenance ink system. The Linx 6900 also includes extra features to make it even tougher, more hardworking and easier to get on with. These are described below.

LINX 6800

LINX 6900

Ink and solvent refills	<p>Mistake-proof refills using different refill port sizes, advanced warning of refills (8 hours for ink, 12 hours for solvent).</p> <p>No need to open the printer.</p>	<p>Simple, mistake-proof refills and advanced warnings as 6800.</p> <p>New colour fluid status indicators on screen to minimise risk of overfilling or fluids running out.</p> <p>Even easier to use</p>
Auto Power Down	<p>Automatic power down after printhead cleans itself by pressing the red stop key, power on/off switch at back of printer.</p>	<p>Improved operation using switch at front of printer. No need to use power switch at back of printer in day to day use.</p> <p>Minimises risk of incorrect shutdown.</p> <p>Even easier to use</p>
Display	<p>Large VGA black and white display.</p>	<p>VGA full colour screen, provides colour highlights to indicate errors in code creation, and to highlight printer warnings more clearly.</p> <p>Even easier to use</p>
On- screen menus	<p>Six Soft keys give quick access to menus, icons used for different menu options, navigation using tab and arrow keys.</p>	<p>Six soft keys give quick access to menus, new text based system is quick and easy to use with less to learn.</p> <p>Even easier navigation using simple arrow keys.</p> <p>Even easier to use</p>
Printer enclosure	<p>Stainless steel enclosure with easy to use angled keyboard and screen. No doors to trap dirt.</p>	<p>As with 6800, stainless steel enclosure with no doors to trap dirt.</p> <p>Improved design with curved and angled surfaces minimises dirt traps and is even easier to clean.</p> <p>Even easier to use</p>
Communications and networking options	<p>Simple code selection and editing by direct connection to barcode scanner, weigh scale or other equipment.</p> <p>RS232 hardware options with supporting software, including LogoJet PC message creation and printer control.</p>	<p>All 6800 options with new Ethernet and Parallel I/O options for more networking capability.</p> <p>Even more flexible</p>
