FoxJet Announces the Release of the Linx 5900

Introducing FoxJet's newest printer in the Linx line of printers, the Linx 5900. The Linx 5900 has been designed to provide flexible, consistent and reliable coding, and offers the lowest maintenance costs for this type of printer. The Linx 5900 also brings extended service intervals of up to 6,000 hours. The Linx 5900 offers printing of up to 3 lines of alphanumerics, offers a large 1000 message memory store and built-in USB for faster code changes. The 5900 is IP55 washdown rated, where washdown and harsh environments are demanding on equipment. This model continues to offer a sealed, robust, self-cleaning printhead with no manual adjustments, ensuring reliable startups and shutdowns. [Learn More.](#)

As an extension of Illinois Tool Works (NYSE:ITW), FoxJet possesses an innovative spirit and high regard for customer satisfaction. We are committed to providing product identification solutions that help manufacturers save money and save the environment.
